Tournament Directors of Qualifying Tournaments MUST:

1. Write down the exact weight of each qualifying wrestler and email the same to the WVYWA.
2. Ensure that a 4-U division is at the tournament.
3. A completed win/loss bracket should be sent to the WVYWA for seeding purposes.
4. Use the WVYWA age divisions and weight classes

Parents and Coaches - a qualifying tournament establishes the lowest weight that you can qualify for regionals and the State Championships at. You can move up in weight but not down from your qualifying weight. For example, if the lowest weight you wrestles at a qualifying tournament is 9/10 80 lbs, at regionals you can wrestle at 80 or above but cannot cut to 75. Any questions, please contact your Region Chair.
